Link Purpose (In Context) Understanding SC 2.4.4

2.4.4 Link Purpose (In Context): The purpose of each link can be determined from the link text alone or from the link text together with its programmatically determined link context, except where the purpose of the link would be ambiguous to users in general. (Level A)

Intent of this Success Criterion

The intent of this Success Criterion is to help users understand the purpose of each link so they can decide whether they want to follow the link. Whenever possible, provide link text that identifies the purpose of the link without needing additional context. Assistive technology has the ability to provide users with a list of links that

Get the most value from your card

- Get rewarded on travel near and far**

Our online calculator shows how your card spending translates into points and then into the rewards you want. Plus, there's no limit to the points you can earn, so use your card for all your purchases and watch your points add up. Try the calculator for yourself at cardbenefits.com
- Add an authorized user and earn points faster**

Add authorized users at no cost and earn points on purchases they make. The primary cardmember will be responsible for purchases made by authorized users.² Add an authorized user at card.com/authorizeduser
- Enjoy no foreign transaction fees on purchases**

Whether you're traveling abroad or shopping on an international retailer's site, you can avoid paying foreign transaction fees on purchases you make with your card.

CHANGING THINGS UP

The screenshot shows a Slack interface with a sidebar on the left and a main channel view on the right. The sidebar includes a search bar, a 'Jump to...' section, a list of channels (including #random), and a list of direct messages. The main channel view shows a post from Caitlin Cashin at 12:45 PM, which is a YouTube video titled 'LOOK MUM NO COMPUTER THE FURBY ORGAN, A MUSICAL INSTRUMENT MADE FROM FURBIES'. The video shows a person playing a keyboard with many Furby toys on it. Below the video are four comments: Jennifer Dailey (12:57 PM) says 'This is terrifying and incredible at the same time'; scott (1:02 PM) says 'a good word to use here might be "brilliant"'; CB Averitt (1:06 PM) says 'I will officially have nightmares tonight! Smiles.'; and Caitlin Cashin (1:06 PM) has no text comment. At the bottom of the channel view is a message input field with a plus sign, a search bar, and a message button.

After so many iterations, habits, suggestions

LEAVING SOME MYSTERY

Success Criterion 2.6.1 Motion Actuation

§

(Level A)

[How to Meet Motion Actuation](#)
[Understanding Motion Actuation](#)

[Functionality](#) that can be operated by device motion or user motion can also be operated by [user interface components](#) and responding to the motion can be disabled to prevent accidental actuation, except when:

- **Supported Interface:** The motion is used to operate functionality through an [accessibility supported](#) interface;
- **Essential:** The motion is [essential](#) for the function and doing so would invalidate the activity.
