

Accessibility solutions tailored for education

Institutions worldwide trust Verbit to create inclusive learning environments. Our solutions help ensure accessibility for all students - both inside and outside the classroom - while adapting to every school's need and budget.

Designed to make your entire campus inclusive

Post-Production Solutions

Academic Post-Production

Receive captions and transcripts for pre-recorded media such as lecture recordings, pre-recorded video and content embedded within learning management systems (LMS).

Verbit Archive

Caption your school's curated and archived content, such as digital library archives, museum content, eLearning collections and more.

Verbit Describe

Make video accessible for students who are Blind or have low vision with audio description that delivers in-depth, objective descriptions of visual content.

Verbit Translate

Translate your university's promotional content published online and social platforms to reach international audiences.

Live Solutions

Academic Live

Get live captions and transcripts for live lectures held online or in-person.

Venue Live

Caption key events like graduation ceremonies, sporting games, conferences and more.

Verbit Translate Live

Translate your event or lecture to additional languages in real-time.

Maximize efficiency with integrations

Streamline your workflow with Verbit's wide range of integrations for post-production and live captioning needs.

Why choose Verbit?

Accessibility Compliance

Our captions, transcripts and audio description
Our solutions are designed to support your accessibility goals and requirements, including ADA and WCAG.

Generative AI Tools

Verbit's new generative AI tool, Gen.V, allows you to extract valuable insights from transcripts, including summaries, quizzes and keywords.

Designed for Advanced Coursework

Verbit's proprietary technology, Captivate™, can be designed precisely for you to deliver accurate captions for niche topics, including STEM and graduate-level content.

Specialized Customer Support

With Verbit, you'll have a dedicated customer success manager to collaborate with to address your institution's specific accessibility needs.

Partner with us to make your campus more inclusive
